

MSR-TUI Certificate of Recognition

Dr Ong Yew Chong

MSR-TUI Chair 2018-2020

27th June 2019

Introduction

Musculoskeletal ultrasound (MSUS) is currently widely used in our Malaysian Rheumatology practice. Numerous steps have been taken over the past years to consolidate and further improve our MSUS training methodology. Currently, there are 14 MSR-TUI members (including one Abviee representative) of whom majority have been routinely performing MSUS and actively involved in teaching. MSR-TUI recognises that these sonologists have been showing professional skills and outstanding knowledge in relation to MSUS in Rheumatology.

Objectives

To recognize the skills and knowledge of our sonologists in Rheumatology MSUS.

Criteria for Recognition

To be awarded the certificate, the criteria below must be fulfilled:

1. a practicing Rheumatologist with National Specialist Registry (NSR) and Malaysian Society of Rheumatology (MSR) membership, and
2. routinely performing MSUS for the past 5 years, and
3. actively involved in teaching MSUS in Rheumatology (at least basic or intermediate level) for the past 2 years

OR

4. has achieved external recognition on MSUS in Rheumatology eg EULAR Level 1 or Level 2, RhMSUS or their equivalents

Remarks

Those who are interested, kindly contact MSR-TUI committee.
